

Hydrafacial™

A non-invasive option that
over-delivers on results.

Meet the Magic Wand

It uses patented Vortex-Fusion Technology to open pores and get up close and personal with skin, easily removing impurities and deeply infusing actives.

The magic of the wand is that it can be personalized in all different ways for a skincare experience like no other.

- Customizable tips for different levels of exfoliation
- Adjustable suction level based on extraction needs
- Infusion targeted boosters based on your skin needs

Out with the Gunk,
In with the Good.
